4. Board Committee and Advisory Council Reports:

a. Land and Improvement Committee (Commissioner Trandum): Commissioner Trandum covered this topic under item 13 on the agenda. Commissioner Anglemyer stated that Key Pen Parks is currently looking at the Park District's future plans for the 360 and 480 properties. The Park District has been activity developing trails on the 306 property. Commissioner Anglemyer feels that except for looking at better access points onto the 480 property the only current plans

for the 480 property are: create a 4 to 5 acre meadow area, removing stumps for parking area, trails, maintenance of roads and trails, and property access control points (to limit access of motorized vehicles such as ATV's). Commissioner Anglemyer stated that the Park Districts main goal for the 480 property at the time is to preserve, protect and secure. Elaine Saunders gave the commissioners activity background on the 480 property and stated she was very happy that the parks goal was to preserve this property. Mrs. Saunders asked the commissioner if they would consider giving some of the citizens a type of identification tag that would associate them with Key Pen Parks so they could at least hand out rules of the park to people who continue to ignore them. Executive Director Gallacher will look into the legal aspects of this request.

b. Key Peninsula Park and Recreation Foundation Report (Commissioner Trandum): no updates at this time.

5. Board President's Report: Commissioner Anglemyer reviewed topics covered during Januarys retreat. He stated that not much will be done this year to the following properties, Taylor Bay, Maple Hollow, Home Park and Minter Creek. The Park District will continue to work towards property acquisitions for better access to the 360 and 480 properties. No hunting or shooting signs will be posted on the 480 property. Key Pen Parks will work on a grant for field 3 at Volunteer Park. This field needs ground work due to erosion; artificial turf and lights are also being looked at for this field. Grants are also being looked at to help purchase properties the Park District has currently been looking at. Key Pen Parks will be talking to the School District and the Transfer Station for future trail development. Zoning of all Key Pen Parks properties will be worked on to make sure they are all zoned correctly. In the recreation area, the Park District is looking at putting on some type of triathlon event for 2013 as well as other fun runs throughout the current year. Key Pen Parks' comprehensive plan is due for an update and will need to be finished by 2013; this will be done in house except for portions as needed. Key Pen Parks would like to find an organization to work with on equestrian event for the Key Peninsula.

6. 8. New Business/Historical Society Letter: The Park District received a letter from Judy Mills of the Key Peninsula Historical Society stating that after going through their records and pictures, they determined they did not have enough information to put together a display of the 480 property at this time as requested by Key Pen Parks Board of Commissioners for the 2012 pending contract. The letter stated that they would put together a small display as a "tease" to show that they will open a logging exhibition in the spring of 2013. The letter also stated that the Historical Society's plans were to continue with their display on Penrose Point. It was noted that the Historical Society was informed at the November 2011 park board meeting that Penrose Point was not under the control of Key Pen Parks and that the purpose of the contract was to provide a service to the Park District by promoting parks owned/controlled by Key Pen Parks. Commissioner Clinton stated that if the Historical Society felt they were unable to honor the agreement made at the November meeting they should have come to the January meeting to discuss new options. Commissioner Anglemyer stated that if it was not in agreement among the entire board to approve the Penrose display, he would then propose setting up a meeting between himself, Executive Director Gallacher and the Historical Society to go over the

contract process. The consensus among the commissioners was; they did not want to approve the Penrose display for the 2012 service contract.

9. New Business/2012 Key Pen Parks Grant Enhancement applications: A total of 4 applications were received for the 2012 calendar year. Two water Arts Alliance submitted 2; Grant #1: Spring Fling fund-raiser event for the Artists in Schools program; being a fund raiser with an entrance fee, the commissioners felt that this grant application did not fit the scope for Key Pen Parks grant enhancement program. Grant #2: Artists in Schools, Commissioner Trandum made a motion "to grant \$1000.00 to Two Waters." Commissioner Robison seconded the motion and the motion was passed 5/0. Children's Home Society submitted an application for Summer Fun Program. Commissioner Robison motioned "that we accept the Children's Home Society and award them \$1,000.00 grant for their camp this year". Commissioner Michel seconded the motion and the motion was passed 5/0. Farm Tour submitted a late application for Farm Tour event; due to late submittal the agreement among the commissioner was not to accept this application. Commissioner Anglemyer suggested placing the balance of grant funds into the recreation program to be allocated for projects to work corporately with Two Waters. Commissioner Robison made a motion "to take the remaining grant money and assign that for discretional use of the Recreation Coordinator for coordination artistic activities with the school district who are with school age children." Commissioner Trandum seconded the motion and the motion was passed 5/0.

10. New Business/2012 Volunteer Park Concession Stand Lease: Commissioner Anglemyer stated the lease did not give the Park District usage of the concession building for any type of programming. Executive Director Gallacher will make the change on the lease to state; Key Pen Parks will have access for use of the concession building during non business hours. The lease, as wrote is only for a 6 month term; Executive Director Gallacher will work on an extended lease that will include hours of operation and any rate changes necessary.

11. New Business/Awarding of purchase order for playground equipment: The plan chosen by the Key Peninsula Civic Center Playground Committee for new playground equipment was review but the commissioners.
