All Hallows Eve was very well attended by the community with an estimated 1000 attendees. A special thank you to Board Members Michel, Parry and Clinton who volunteered that night as well as the 6 Jr RTOC students from Peninsula High School and 18 youth from Red Barn Youth Center plus 3 adults!! It was a special night with costume contests, spider barn and more.

Planning is underway with our partner, the Key Peninsula Fire District, on Letters to Santa. There will be the opportunity to write a letter to Santa and letters with return addresses will get a reply from Santa or Mrs. Claus. In addition, there will be a craft bag filled with the materials and instructions to make 2 chain link figures (Santa, Reindeer, and Snowman) and a candy cane reindeer.

Nik Carson and José Reyes of the maintenance team attended the WA Trails Conference to learn more about trail maintenance as we head into the rainy season. Overall, the team has continued trail work (vegetation removal) at Key Central Forest, 360 Trails and Rocky Creek this month. Several large trees came down in the high winds/rains in early November and many smaller trees which could be moved by hand also came down. Now that leaves are falling, much time has been spent on leaf/debris removal to keep the sidewalks and parking lots clear along with play areas, skate park and more.

The maintenance team has also completed tree pruning along the driveway entrance to Volunteer Park and also along the outfield of Baseball field 3. Unfortunately, we were hit with a theft of the battery and gasoline from the rented lift used to complete this work. It was placed in the closed chain link fence with barbed wire however the theft still occurred. We had to pay for the replacement pieces which was about \$170. The lift was also used to repair the barn roof leak at Gateway Maintenance area and to clean the gutters on the barn, 5 car and the pole barn.

Parks and Facilities Manager Jacobs has been offered a spot in his dream job – a firefighter – and so he will be leaving us at the end of November to prepare for his Fire Academy start in January. He was agreed to help us with interviews or other questions during the month of December. He has been a wonderful asset to the team and will be missed! A recruitment is underway, with first review of applications on November  $15^{\text{th}}$ .

The heavy rains identified a roof leak along the remaining chimney piece at the Volunteer Park Administrative Office. Staff removed a piece of the ceiling, sealed up the area around the chimney and thankfully there has been no more leaks. The ceiling will be repaired in December or January as time and weather permit.

Soccer has extended their time at Volunteer Park through November 19<sup>th</sup> from October 31<sup>st</sup>. The maintenance team continues with grass cutting and field marking.

The pedestrian bridge in Gateway Park is closed to the public following a collapse of the handrails on one side of the bridge. It appeared to be a combination of the wrong size bolts which gave way (too short) and then vandalism (possibly rocking the handrail back and forth). All of the bridges have been inspected and several had the same bolt issue. They are now on a quarterly inspection schedule and come spring, new longer bolts will be installed.

The new pickup has arrived and as soon as the plates are available will be in service. The team is very excited about it!

Our lead volunteer for the mountain biking trails notified us that due to his work and other commitments he cannot help us/lead events this year but hopes to be back next year. A colleague of his was recommended who is affiliated with Evergreen Mountain Bike and the outreach from Evergreen has been about a contract for services. Given the difficulty in getting volunteers, the Executive Director is currently doing some outreach and conversations with other agencies who have a contract for services with Evergreen to learn more about their experiences. This may be the best way to move forward to ensure that the trails get the attention they need. However, we thank Bret Humphries for his work and dedication over the past year and half at 360 Trails!

Labor and Industries has been assisting us with technical assistance visits including on worker safety, risk management and industrial hygiene. Reports will be available soon. Some minor repairs will be needed however we are largely non-compliant on policies and training. Fiscal Specialist Armstrong will be assisting with working the policies from various templated during her recovery period/limited mobility.

Subject: Public Hearing and Adoption of Resolution R2022-05 for the Highest Lawful Tax Levy for Collection in Calendar Year 2023

#### Background

After careful consideration of the budget and expected demand for new recreation services such as acquisition of new parks and open space, development of recreation facilities and programs desired by local residents as identified in Key Pen Parks' Park System Comprehensive Plan that an increase in the regular property tax levy is needed for the 2023 tax year. The dollar amount of the increase over the actual levy amount from the previous year will be a percentage increase of 0.90745% from the previous year. This increase is exclusive of additional revenue resulting from new construction, improvements to property, newly constructed wind turbines, any increase in the value of state assessed property, any annexations that have occurred, and refunds made.

**Recommended Action:** Adopt Resolution R2022-05 for the Highest Lawful Tax Levy for Collection in Calendar Year 2023

Item # 14a

To: Board of Park Commissioners From: Tracey Perkosky, Executive Director Date: November 14, 2022 Subject: Approval of Wage Matrix for 2023 COLA

#### Background

With R2019-08, the Board of Park Commissioners approved an update to the Employee Handbook which included the ability to provide cost of living adjustments (COLA) to the wage matrix.

"Key Pen Parks will provide cost of living adjustments for full time staff based upon CPI as provided by the United States Department of Labor (Bureau of Labor Statistics). These adjustments will be made starting with the March 1<sup>st</sup> pay period, will be based on the October to October data which is released in November of the preceding year Consumer Price Index (CPI) for Seattle, Tacoma, and Bellevue (King, Pierce, & Snohomish counties) and shall never result in a decrease in pay."

During the February 14, 2022, Regular Meeting, the timeline for COLA was adjusted via Board vote to begin January 1<sup>st</sup> annually commencing with the 2023 calendar year.

The October 2021 to October 2022 CPI for Seattle, Tacoma, and Bellevue was 8.9%. This amount was included in the 2022 Annual Budget. On January 1, 2023, the WA Minimum Wage increases to \$15.74 per hour.

The attached Wage Matrix reflects the 8.9% increase for full and part-time employees. There will be one remaining seasonal employee through February 2, 2023 (6-month position) before the seasonal positions are phased out, and it is recommended that his hourly wage be raised by 8.9% to be commensurate with the COLA given to permanent staff.

This increase is effective January 1, 2023.

**Recommended Action:** Approve Wage Matrix for Permanent Employees for 2023 and approve an 8.9% increase for the one remaining seasonal employee.

Subject: Direction on Allocation Formula of Real Estate Excise Taxes 2 (REET2) and Park Impact Fees (PIF) through Pierce County

#### Background

Over the summer months, staff met with Pierce County staff to discuss Real Estate Excise Taxes (REET 2) and Park Impact Fees which are shared by the County with both Key Pen Parks and the Peninsula Metropolitan Park District (Pen Met Parks).

In early October, Executive Director Perkosky and Fiscal Specialist Armstrong met virtually with Pen Met Executive Director Bujacich, Pierce County Parks & Recreation Director Miles, and Pierce County Resource Stewardship Superintendent Freeman.

The purpose of the meeting was to review the eligible uses of REET 2 and PIF fees by the two Districts, review the history of how the allocation process was determined, and discuss next steps for the 2023 -2024 allocations. Pen Met also had additional questions on how PIF was allocated County-wide.

Overall, the category areas (new parks, existing parks, trails) for PIF were determined by the Impact Fee Working Group as documented in Pierce County Resolution R2016-115s Exhibit A. (See Attachment 2) The percentages cover the entire County, not simply this area. Therefore, the percentage allocation for specific project areas is not up for discussion. However, Pen Met had some questions on how the allocation of funds was determined – by population, versus, as an example, of housing starts or rebuilds which would trigger PIF.

Pierce County staff explained that the flat allocation plus additional amount by population was determined and agreed upon by former Key Pen Director Gallacher and former Pen Met Director Lee. (See Attachment 1)

With current population growth, Key Pen Parks has slightly more population than it did in 2021 and so our percentage has increased by 1 point. Key Pen Parks also had slightly more housing starts/PIF triggers than Pen Met. However, since the Key Peninsula is designated rural, it is assumed that overtime Pen Met will have greater housing starts/PIF triggers and more population.

Potential Options:

- Keep the status quo flat amount plus population percentage (Recommended)
- Advocate for the allocation by housing starts/PIF triggers recognizing that it could turn into a biennial negotiation based on population and housing data.
- Other

Parks & Recreation Director Miles stated that it is up to the two Special District Governments to determine the allocation method and provide that information to her. Directors Perkosky and Bujacich have a meeting scheduled for early December to discuss further.

Recommended Action: Provide Direction on Allocations for REET and PIF Funds

## KeyPen and PenMet Park District Transfers

## 2<sup>nd</sup> REET

- May only be imposed in GMA jurisdictions
- May only be used to finance capital projects specified in the capital facilities element of the comprehensive plan
- Pierce County identified REET funding for KeyPen and PenMet in the 2022-2023 Capital Facilities Plan (CFP)
- RCW 82.46.035(5) defines a capital project as "(b) Planning, construction, reconstruction, repair, rehabilitation, or improvement of parks"
- Funds may be used for design, engineering, survey, permitting, etc. associated with the capital project listed in the CFP
- Property acquisition is not an allowed use of 2<sup>nd</sup> REET funds and funds cannot be used for updating a capital facilities plan
- Pierce County Ordinance 2021-100s2:
  - \$480,000 2<sup>nd</sup> REET shall be allocated to the Peninsula Metropolitan Park and Key Peninsula Metropolitan Park Districts. On an annual basis, \$240,000 will be distributed as follows:
    - 1. Each District is to receive \$60,000 with the remaining amount to be distributed on a per capital basis. [PenMet = 39,052 (68%) / KeyPen = 18,312 (32%)]
    - 2. PROVIDED FURTHER, the funds allocated to the Peninsula Metropolitan Park and Key Peninsula Metropolitan Park Districts shall be utilized solely for capital purposes consistent with state law, shall be contingent upon an interlocal agreement being executed between Pierce County and each district, and the incorporation of each District's proposed capital project use for said funds into the Pierce County Capital Facilities Plan.
- Interlocal Agreement will require each District to provide Pierce County Parks with a list of proposed qualifying project from an adopted 6-year CFP no later than the 4<sup>th</sup> Monday in June each year\*
- No later than January 31, each District shall submit a report to Pierce County certifying completion of projects including all project expenditures.
- Funding occurs on a reimbursement basis, after receipt of an invoice that shows what eligible projects the funds will be applied to.

## 2022-2023 Funding Allocations

\* Pierce county is now on a biennial budget.

## Impact Fees

Total

- RCW 82.02 allows Growth Management jurisdictions to collect impact fees as a financing tool for developing improvements that will serve new development, i.e., to keep pace with growth
- Impact fees must be used to add capacity to the system and cannot be used for repair, replacement, maintenance, operations
- Impact fee projects must be identified in an adopted 6-year CFP and must be spent within 10 years of collection
- Resolution 2016-115s, Park Impact Fee Fiscal Policy, included Peninsula Partnership Projects for the following parks:

KeyPen Parks	360 Trails
	Gateway Park
	Maple Hollow
	Taylor Bay Park
	Key Central
PenMet Parks	Sehmel Homestead Park
	Peninsula Gardens Park
	Indoor Soccer Center
	Cushman Trail

• The Resolution did not provide parameters around how to allocate funding to each district but conversations with Terry Lee and Scott Gallacher proposed to follow 2<sup>nd</sup> REET allocations.
